

UNIDOZ CART SG2

SAFEGUARD TROLLEY

Heavy Duty Plastic Cart. Transport 25L canisters seamlessly. Its versatile open platform can be configured to your specific needs. It serves not only as a transfer trolley but also finds utility as an undermount for cleaning satellites, chemical or fertilizer dispensers, and more.

The utility cart aligns with the stringent requirements of standards such as HACAP, IFS, and others. It's tailored to cater to the needs of agriculture, industry, and the food industry alike.

- > **PRODUCT CODE :** CSG2
- > **LOAD CAPACITY :** 100 kg
- > **INTEGRATED HOSE HANGER:** Yes
- > **LANCE/ NOZZLE HOLDER:** 2 pcs.
- > **AVAILABLE COLORS:** White, Blue, Red, Yellow
- > **WHEEL TYPE :** Non-marking wheels or Food approved polyamide
- > **DIMENSIONS:** H; 1120 mm, W; 500 mm, D; 490 mm
- > **BASE DIMENSIONS:** W; 300 mm, D; 295 mm
- > **FRONT WALL DIMENSIONS:** H; 300 mm, W; 360 mm
- > **WEIGHT :** 13,5 kg

PLATE LOAD:

- > **PACKAGE SIZE:** 410 x 400 x 1150 mm
- > **PALLET:** 800 x 1200mm / 1200 x 1200mm
- > **N PACKAGES:** 14 pcs. / 21 pcs.
- > **TOTAL WEIGHT:** 210 kg / 310 kg

ADVANTAGES:

- Made of chemical-resistant plastic
- Lightweight
- Integrated hose hanger,
- Integrated lance holders
- Integrated nozzles holder
- Possibility of sale for other applications, e.g. transport of semi-finished products in the food industry.
- Safety – in the event of a fall, the cart will not damage the floor or equipment compared to stainless steel carts. This increases the safety of food production by eliminating the possibility of fragments entering the produced food.
